We make transferring your prescription easy.

①

Simply stop by or call your Burns & McDonnell .

②

Provide your script name or number and the transferring pharmacy name.

③

We can take it from there.

PHARMACY

The Burns & McDonnell Health Center is...

Your Partner. Going beyond the prescription, we take time to personally meet with you to answer questions and develop a supporting plan for your medication treatments and overall health.

Personalized. No need to call in or manage auto-refill programs. You will receive auto text reminders when your script is filled. Through our **Script Your Care** program, all eligible prescriptions are filled at once, synchronized to a single fill date, with 90-day refills when appropriate.

Committed. Our dedication and exclusivity to you provides a seamless experience. We are proactive with your care and use a tailored approach to meet your unique needs.

Innovative. We use a pharmacy approach that breaks the mold of the past, being more proactive with your care and building a personal relationship with you.

Money-saving. Over-the-counter (OTC) products and medications are available at a great savings.
